DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Patrick Bever (Reg. No. 33,834) on June 09, 2005.

The application has been amended as follows: for correcting claim languages.

Claims 1, lines 20, 23, "its" should be changed to - - the - -.

Claim 3, line 1, "Arrangement" should be changed to - - The arrangement - -.

Allowable Subject Matter

2. Claims 1-24 are allowed.

The following is an examiner's statement of reasons for allowance: the references cited disclose an arrangement comprising: an optoelectronic component with terminal contacts and electronic component with first and second electrical contacts, a printed circuit board, a flexible conductor arrangement including a plurality of conductor tracks, the conductor tracks are provided an electrical connection between the terminal contacts and the first electrical contacts, and some other claim elements. However, they do not disclose or render obvious in combination of the flexible conductor

Art Unit: 2841

arrangement comprises a first region having first contact regions or a plurality of first contact structures and a second region having second contact regions or a plurality of second contact structures, and wherein at least one of the optoelectronic component is mounted directly on the first region of the conductor arrangement such that the terminal contacts are connected to the first contact regions of the conductor arrangement, and the electrical component is mounted directly on the second region of the conductor arrangement such that the first electrical contacts are connected to the second contact regions of the conductor arrangement (as recited in claim 1), and the electrical component including first electrical contacts that are respectively electrically connected to corresponding the second contact structures, and second electrical contacts that are respectively electrically connected to corresponding third contact structures (as recited in claims 23 and 24).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

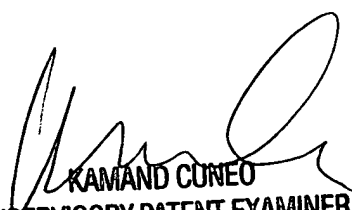

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Rosenberg et al., Loh et al., and Schunk et al. disclosed related art.
